PRAGATI
METAL CORPORATION
Since 1977

MANUFACTURER, STOCKIST & EXPORTER OF :
NICKEL ALLOYS, STAINLESS STEEL, CARBON STEEL, ALLOY STEEL
PIPES, PLATES, FITTINGS, FLANGES, FASTENERS ETC.

Operational

By assuming and coordinating all aspects of international business for our customers, **Pragati Metal Corporation** provides:

- Follow up in a daily basis report;
- Documentation;
- Negotiation and insurance;
- Physical Conference;
- Import License;
- Permissions; fumigation;
- Origin Certification;
- Customs clearance;
- Special projects and studies;
- Products development;
- Wire transfer and finance management.

Logistics

Pragati Metal Corporation is fully integrated with reliable partners that provide what is best in storing, handling and transporting cargo all around the globe :

- Booking and reservations;
- Picking;
- Transport through partners;
- Follow up;
- Handling in ports/airports;
- Storage (normal, special);
- Consolidation (USA, Europe, Asia, Australia, Africa);
- SCS - Supply Chain Solutions;

Quality Policy

Pragati Metal Corporation Shall strive to achieve a reputation in the market through quality, supply, timely & prompt delivery by the virtue of:

Supply of product through proper understanding and interpretation of the customer requirements in order to achieve ultimate customer satisfaction.

Prompt response and delivery actions.

Ensuring strict monitoring of the manufacturing / import process and the inspection and test criteria.

Pragati Metal Corporation has been supplying for many local and overseas companies, thus has become an important procurement house with an increasing purchasing volume annually. We are well known in all market sectors and are normally represented as customer's official representatives for procurement. Pragati Metal Corporation supplies an extensive range of Pipes and Tubes, Pipe Fittings, Flanges, Plates, Round Bars, Valves etc. accordingly to various different standards required by the market in material type Stainless Steel, Duplex Steel, Carbon Steel, Alloy Steel. We are also specialist supplier of high nickel alloys and have a huge stock in Inconel, Monel, Hastalloy C-276, Titanium, etc.

In all different segment from engineering firm to vessel builder, construction company to piping contractor, off-shore consortium to chemical giants, we will always be dedicated to supply very competitively with quality and prompt delivery. Most importantly, RELIABILITY.

Pragati Metal Corporation has individual department to look after customers' needs in various stages. Procurement department, Inspection department and Shipping department. We Stock, advise, support, inspects and deliver whatever your requirements are.

Innovation

In just the last four decades, **Pragati Metal Corporation** has grown to become a multi-product, multi location company providing total solutions to a diverse range of industries. This has been made possible by continuous invention and focused vision of the management follows a total quality approach and its products conform to the highest international standards.

Mission

Our mission is to provide to our customers an advantage regarding the international & domestic business dynamics through studying his activities to be capable of offering the best solutions.

Vision

Being a Trading Company reference in conducting international & domestic business, inside a pragmatic approach, aiming the development of our partners and customers.

Staff

Personal service – Assuring that all logistics and financial procedures are continuously reviewed.

Highly Skilled Professionals – **Pragati Metal Corporation** team have superior experience in all aspects of international business as well cultural crossing experience and organization.

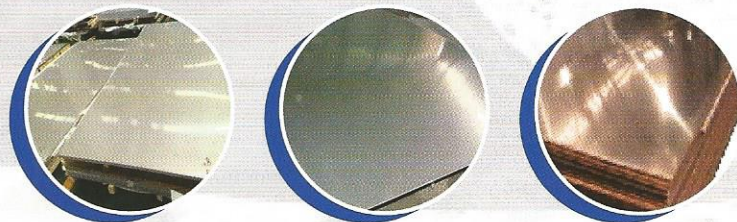

Complete Structure – Thorough regulatory measures taken in Taxes, commercial, operational, logistics,

Clarity of Values – **Pragati Metal Corporation** team is oriented to study and comprehend our customer business, making easier to share objectives and communication.
