**Distribution**

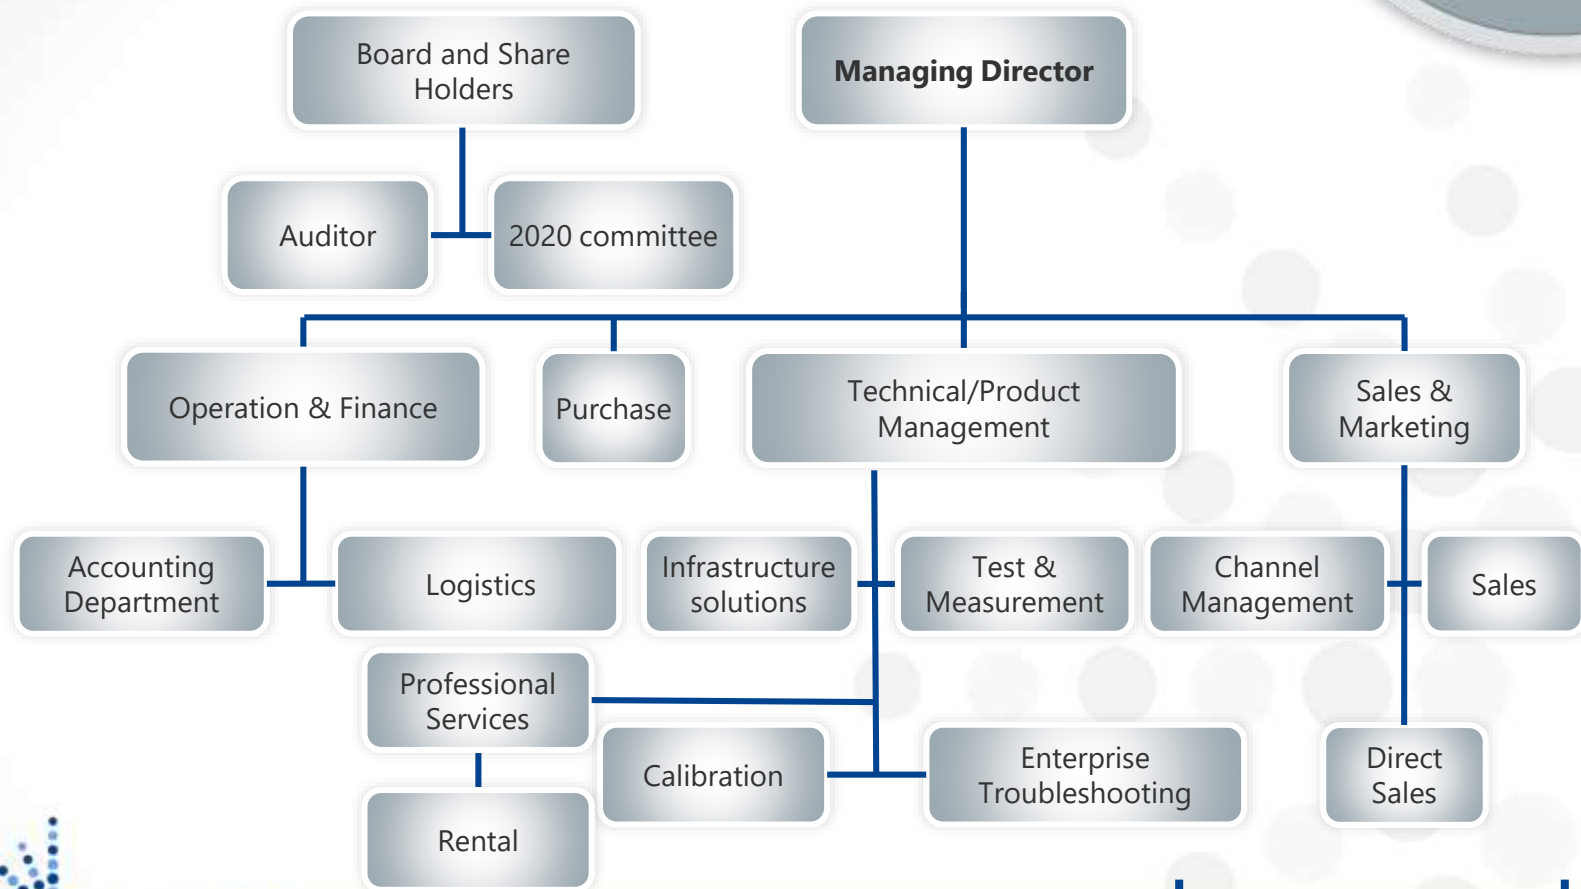

**Services & Training**

# COMPANY ORGANIZATIONAL STRUCTURE!

MULTIPLE ACTIVITIES  
UNDER SYNERGIX  
MANAGEMENT

## COMPANY ORGANIZATIONAL CHART

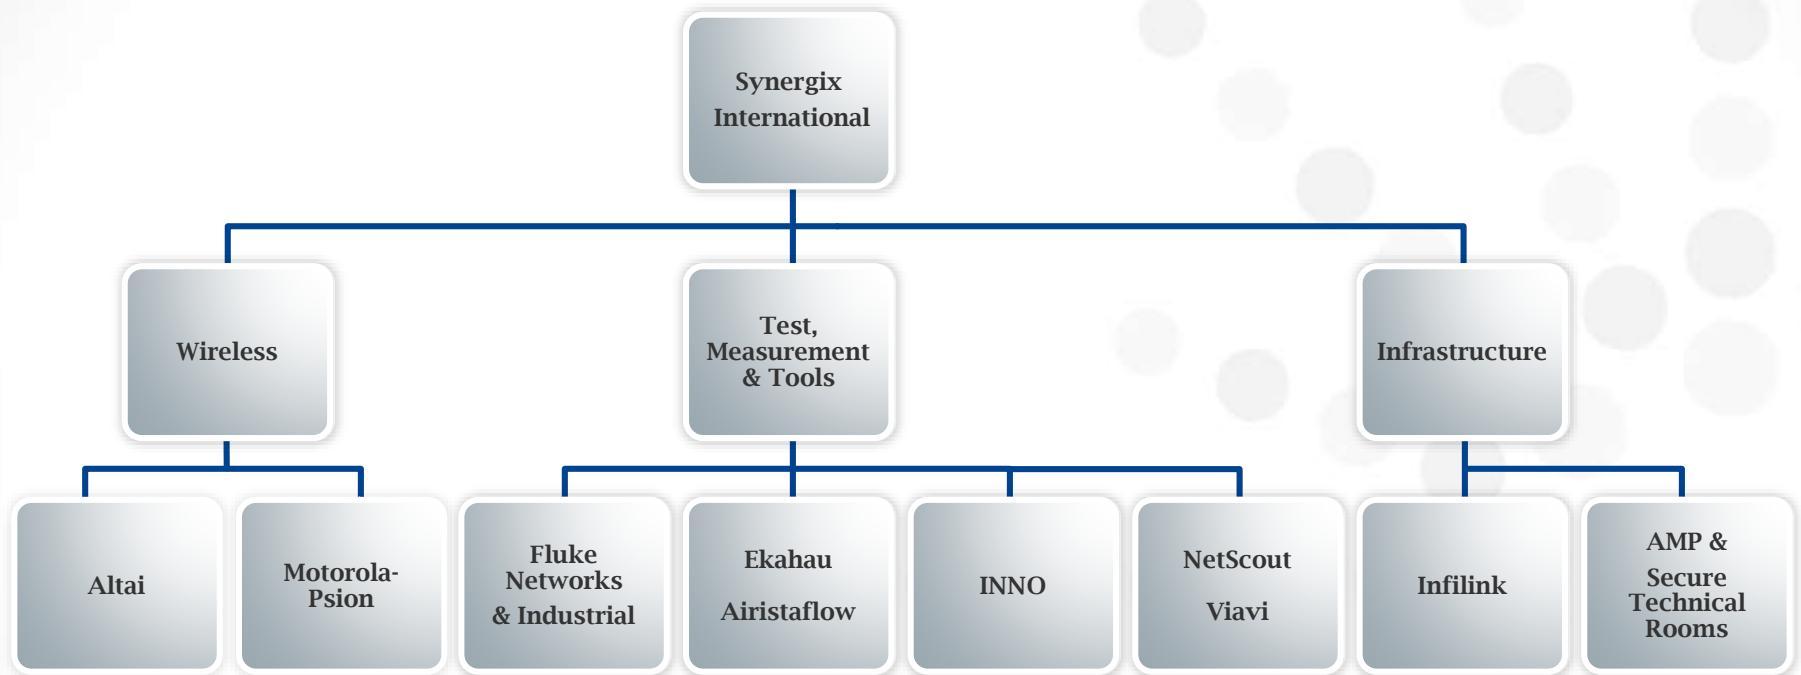

# OUR MISSION

- As a value-added IT Distributor, we commit to delivering cost effective leading edge technology requirements, in the fields of network monitoring, structured cabling and solutions.
- **Our offered solutions include:**
- Wireless monitoring, network analyzing and troubleshooting; physical layer testing and certification solutions suited for:
  - ✓ Network Infrastructures in the commercial, government, and industrial establishments for different market verticals such as education, defense, energy, transportation, government and private sectors.
  - ✓ We affirm that our ultimate measure of success is the satisfaction of our customers.

# PARTNERSHIP

Synergix International L.L.C. through its successful sales and after sales services support has been able to acquire a number of distributorships for companies which you find a list of below:

# CONTINENTAL COVERAGE

## GEOGRAPHY

- Middle East
- Central Asia
- Africa
- Europe

## GLOBAL MARKET

- Telecom
- Banking
- Transport
- Port and Airport
- Governmental
- Police Department
- Education
- University
- Healthcare
- Hospitals
- Manufacturing
- Factories

# TEST AND MEASUREMENT

## Fluke Networks

Fluke Networks products provide users with superior vision, combining **speed, accuracy** and **ease-of-use** to ensure maximum network performance and fast resolution to problems.

Continuous Fluke networks innovations in infrastructure testers has brought an **astonishing 80% market share**.

Network cable “**copper and fiber**” testing, network monitoring and troubleshooting equipment.

# TEST AND MEASUREMENT

## Synergix & Fluke Networks

- Official Regional Master Distributor for Fluke Networks
- Official Regional training academy for Fluke Networks
- Official Regional repair and calibration for Fluke Networks
- Official CCTT\* Certified Training Partner

\* CCTT – Certified Cable Test Technician

## Major Customers

# TEST AND MEASUREMENT

## Viavi Solutions

software and hardware platforms and instruments deliver end-to-end visibility across physical, virtual and hybrid networks. Precise intelligence and actionable insight from across the network ecosystem optimizes the service experience for increased customer loyalty, greater profitability and quicker transitions to next-generation technologies.

Viavi is also a leader in anti-counterfeiting solutions for currency authentication and high-value optical components and instruments for diverse government and commercial applications.

# TEST AND MEASUREMENT

The Fluke logo consists of the word "FLUKE" in a bold, black, sans-serif font, centered within a yellow rectangular box with a thin black border.
