

MP25 Spray Plastering Machine

KEY FEATURES

- Large 4.06119 ft³ (115L) storage hopper saves time because less material has to be refilled
- Conical mixing pipe for optimised material flow
- Mixing pipe separated from mixing tank to allow easier dosage
- Integrated water pressure booster pump provides the necessary water pressure and quantity to achieve the right mixing quality
- Pneumatic remote control for convenient operation from your working area

SPECIAL FEATURES

Integrated compressor with automatic pressure cut-out guarantees a safer working environment

Convenient adjustment of water dosage quantity
